

The City of Valparaiso operates and maintains Sunset Cemetery with the intent of providing a facility with attractive features that will present a neat, clean and pleasing appearance to those visiting the cemetery. The city trusts that your choice of Sunset for internment of a loved one, or as your final resting-place, will make you aware of the need for operational guidelines. We ask for your cooperation regarding cemetery rules in order to properly manage and maintain the cemetery and offer our services to answer any questions or concerns you may have.
